## Instructor Biography & Notes

My name is Michael Menciano. I have been involved in Martial arts since I was a small child and I grew to not only love the sport, but also to want to inspire and teach children about the positive aspects of martial arts. I have a passion for teaching and I want to have a chance to impart some of my knowledge on to your children. My classes will not only be fun, incorporating games and noise into the program, it will also teach respect, courtesy, and discipline. I will help build a foundation that will help the child in all areas of their life. It will also provide the fundamentals of Karate for when they leave preschool they can move on to a karate studio. I look forward to working with your children.

\*A NDLC teacher will be present at all times. This class requires a release of liability to participate. Fill out the attached registration form and release to sign up.
